WORK EXPERIENCE

Software Engineer

Zensar

Sep 2022 - Present

Technical Experience:

Full Stack Development:

Frontend: Developed responsive web applications using Angular, enhancing user experience and improving application performance by 15%.

Backend: Built and maintained RESTful APIs with Spring Boot, integrating with third-party services and optimizing data processing.

Database Management: Managed SQL and Snowflake databases, optimizing queries to improve data retrieval and storage efficiency.

Automation: Led a retail chain supply project, automating order rebooking and reselling processes with Python scripts and API integrations, enabling real-time updates and reducing manual effort.

Data Analysis:

Performed data analysis using SQL, Snowflake, and Python, providing insights that boosted renewal opportunities by 25%. Automated data workflows, reducing data preparation time by 30%.

Business Experience:

Client Collaboration: Supported a Cisco client by mediating between them and internal teams, ensuring timely resolution of issues.

Project Involvement: Contributed to key projects, gaining experience with advanced development practices.

- Java
- HTML
- Android Studio
- Snowflake
- SQL
- Excel
- Python
- Spring Boot
- Angular

CERTIFICATION

- Python Specialization Certificate
- Programming in C Certificate
- Certificate of Basics of Data Analyst using Tableau and R
- Certificate of Big Data Foundation using SQL

LANGUAGES

English
Hindi
Marathi

EDUCATION

2022	B.Tech/B.E. - Computers Maharashtra Institute of Technology, Aurangabad Grade - 8.9/10
2018	12th Maharashtra, English Marks - 70-74.9%
2016	10th Maharashtra, Other Marks - 80-84.9%

PROJECTS

Application of Data Sharing Framework in Smart Healthcare using Blockchains and Agents

6 Months

- Implemented data sharing framework in Smart Healthcare using Blockchains and Agents
- Developed a secure and efficient system for sharing patient data
- Ensured compliance with privacy regulations and standards
- Streamlined data access and sharing processes
- Increased data security and integrity by implementing blockchain technology

HOBBIES

Basketball
Gaming
